NEWSLETTER

DECEMBER 2018

win - win

WIN WIN PROJECT IS COMING TO THE END...

.. and we are very happy and satisfied
with what we have been doing
together.

Here the most significant steps
in these last few months:

LOCAL ACTIVITIES

Between April and September, every partner organized weekly activities and sport activities where young people and families could gather and play together. We improved our local networks with the help of new, highly motivated volunteers and local stakeholders.

SPORT

TOURNAMENTS

During the summer, project partners organized their own sport tournaments.

On 15th of July, **IFALL** set a football tournament where more than 50 participants were organized in 12 teams!

Municipality of Mazara del Vallo organized a football and a beach volley tournament with the help of the great sport associations working in their network.

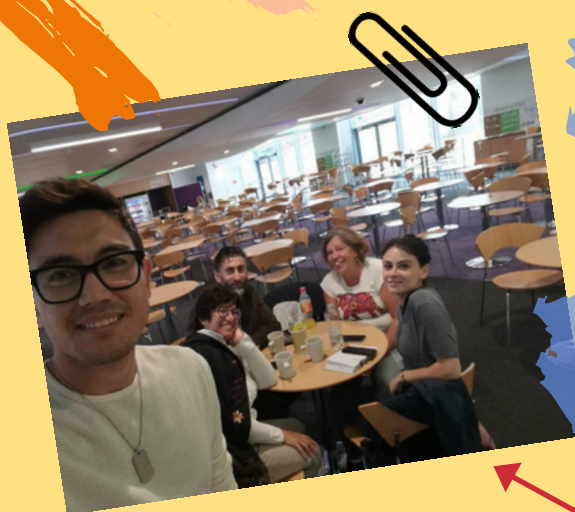

Leeds Beckett University helped organize a football tournament during Refugee Week, one of the leading UK initiatives working to promote the benefits an intercultural society can bring to both refugees and host communities.

OUR TRANSNATIONAL MEETINGS

After the kick off meeting, we had other 2 occasions where we reunited, visited local activities and discussed about the project progress.

LEEDS, UK

29-31 AUGUST

Gemma and Ali from IFALL and Antonella from Mazara del Vallo flew to Leeds to meet Erika and assess the project progress. Together we took stock of the project progress: we went through the activities done so far and the sports based booklet, and we discuss how to face some challenges and what were the project's next steps. We also met with some local stakeholders and youth workers, like Taf Mohammed pictured in the group photo with us!

MAZARA DEL VALLO, IT

20-22 NOVEMBER

In the last transnational meeting, Neco and Ali from IFALL and Erika from Leeds Beckett University met Antonella and her collaborators in Mazara del Vallo! We visited the great activities organised by the many local sport associations that bring together refugees and asylum seekers and the local community! We also had the opportunity to adjust and finalize the booklet and present some of the videos done during our project journey..

OUR RESULTS

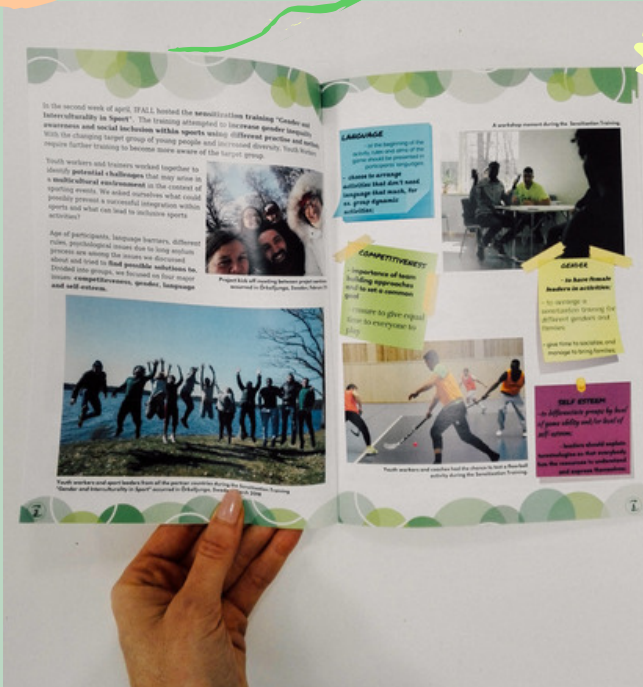

WIN WIN BOOKLET

Project booklet is finalised!

Designed both as a visual and as an educational tool, WIN WIN booklet is dedicated to all the particular sports carried out by the partners in the project implementation. WIN WIN Booklet presents sports characteristics and basic rules, as well as the equipment needed to participate and some useful tips and curiosities. Created to decrease the language barrier and encourage more young people to try a new sport, the booklet has been translated into 6 languages, English, Swedish, Italian, Dari, Arabic and French. In our upcoming multiplier event the print versions in partners' languages will be spread. Online versions in all six languages will soon to be found in online platforms.

Check the link below!

WIN WIN FILMS

A series of 5 short films have been created by the young people involved in the project. Their experiences through the project have been recorded so that they can be shared to show how local communities benefit from young people and how young people benefit from the local community.

This will help to reduce the stigma and negativity surrounding refugees and the presumed unwelcoming nature of some communities.

WIN WIN film will be uploaded online and share within each of the organisations within the project. Check our website!

WHAT'S NEXT?

MULTIPLIER EVENTS

Each organisation will set a multiplier event in December. Young people, families, sport associations, professionals, stakeholders are all welcome to gather and meet with the partner organisations and participants.

It will be a great opportunity to disseminate the results of WIN WIN project: copies of the project booklet will be available and WIN WIN short movies will be shown.

Sport tournament will also be organised for the event!

COME AND HAVE FUN WITH US!
